

SW800

Product Specification

Introducing the robust, **advanced SW800:**

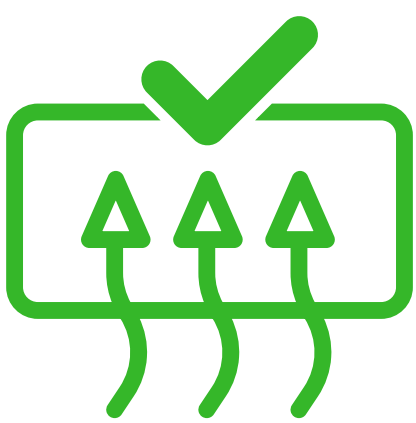

- ✓ **Dynamic performance** comes from the high-tech engineering in the machine; in each applicator head; and each accessory.
- ✓ **Teamed up with** the right accessories and attachments, it is your trusted friend for organic, chemical free weed control.
- ✓ **Perfect for** public gardens, parks and playgrounds, footpaths, small farms and animal-friendly properties.
- ✓ **Improved functionality** and tested through multiple pilot projects.
- ✓ **Reliable and trustworthy** for years of continuous, every-day use.
- ✓ **Pressure cleaning and sanitizing** hard surfaces is a unique, added advantage that our weed control systems offer.
- ✓ **Safe** to be used around your people, organic produce and animals.

Water Usage:	300L / hr
Petrol Pump Motor:	1L / hr
Diesel Burner:	3.8L / hr
Weight:	160-230 kg

*Note: the consumption figures are a guide-only.

The SW800 is our mid-range machine delivering 5L/min of Satusteam™. Our patented Satusteam™ technology offers a safe zone for everybody - far removed from the obvious harmful effects of poisonous herbicides. Research confirms that Weedtechnics Satusteam™ weed control systems are 3x faster than hand weeding and leaves no toxic residues.

Key Highlights

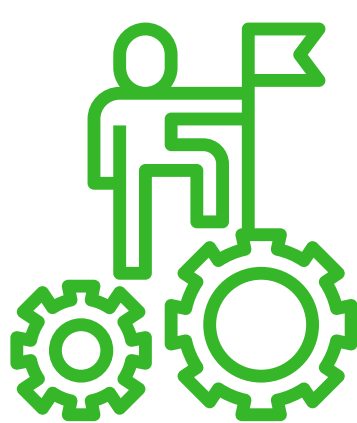

No spray drift, no worries!

Weedtechnics applicator heads are carefully engineered to have the maximum effect of Satusteam™ on those annoying weeds. All the white clouds you create are just chemical free steam. It is even safe to use your treated area immediately.

Easy Satusteam™ Delivery

The cool-touch lance is light weight, easy to handle. Coupled with the wheel kit, the lance is easily manoeuvrable. You can reach those nooks and crannies with just a feather-touch push!

Built on success

Designed on the research and findings behind the great success of our Green Ninja range of machines, the SW800 represents a paradigm shift on weed control equipment.

Feel empowered

Weed control with a Satusteam™ machine gives you more time in your hands to dedicate to the things you love. Keep those pesky weeds at bay without breaking your back or stressing your arms!

What's your Satusteam™ solution?

We specialise in creating 'bespoke solutions' for weed control. We listen to your weed problems, analyse your concerns and design a custom solution that is special for you. With top-notch customer service and technical support, you are in for a life-changing experience. We recommend undergoing safe operations, maintenance and productivity training for 1st time machine owners.

All Satusteam™ machines can be fitted on a skid or arranged on a trailer. **Ask your Satusteam™ expert for more information.**

The bare unit comes with:

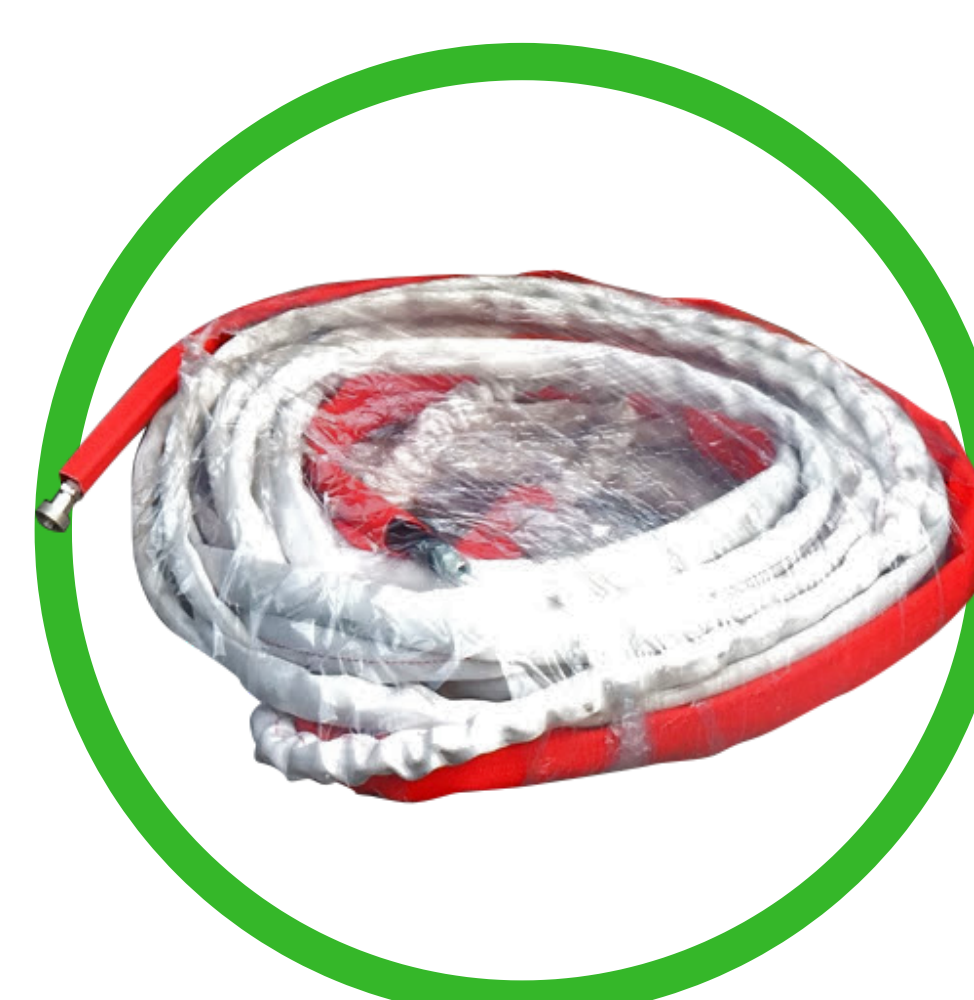

Versitech 35
Cover Head
(VCH 35)

Versitech
Open Head
(VOH)

Pressure
Cleaning
Nozzles

Up to 90m
Insulated Hose
with Clip-on
Cover

Cool-touch
Lance

Over the past few years, the Council has been using Weedtechnics in these high-use areas to minimise weeds and maximize environmental protection, with great results. Not only are the weeds being eradicated but there is no chemical run-off into the waterways and no down time to running the program as there are no issues with weather (e.g. wind, rain).
